INDEX TO MACHINERY

	Page		Page		Page
A		Addison Tool Co, Ltd:		American Chain & Cable Co:	
A.C. Cutting Machines, Ltd	269	Addison-Leonard 35 Tubemill tube-		Wilson Instrument Divn:	
AC-Delco Divn of General Motors, Ltd:		end milling machine	631	Hardness testers for plastics and	
Some experiences of mechanized		"Universal" 60 hydraulic tube bending	105	rubber	528
assembly	642	machine	749	Rockwell hardness tester with digital	
AE Group Machines, Ltd:		Advanced Graphics System. ICL 7300		read-out	580
Fully-automatic inspection fixture		Aerojet-General Corporation:		American Optical Co:	
for checking the radial thickness of		Metal-working with explosives ..	417	Refractometer for monitoring cutting	
piston rings	554	NC turret lathe employed for precision		fluid concentration	728
AED plasma-spraying technology service	191	deep hole drilling	338	American Standard, USA:	
AEI Electronics, Ltd:		Aeronautical & General Instruments, Ltd:		Air Conditioning Divn:	
Production of an accurate reflector	737	Machining precision components under		Use of track-mounted feeding units	
AEI-Elliott Process Automation, Ltd:		programme and tape control ..	493	for stamping presses	573
Computer control for large warehouse	174	322, 7E Mar 18, 493		Amtec France S A:	
Logicon 2 static switching system	834	Aeroplane & Motor Aluminium Castings,		Demonstration of machining of gear	
AERE exhibits at Physics Exhibition	512	Ltd:		blanks on Amtec-New Britain chucking	
AEW, Ltd:		Aluminium cylinder head castings	927	automatic	545
Move to Andover industrial area	595	Air-bearing spindles. Some applications		Anocut Engineering Co:	
6-chamber electrically-heated oven		of Westwind	730	Machines installed at Rolls-Royce	
and 81kW conveyor oven	596	Air bearings. New Convair	490	Bristol Engine Divn	43
AGA (UK), Ltd:		Air cylinders. Schrader "self-reciproca-		Novel design of ECM machine ..	376
AGAmig 300 power source for MIG/		ting"	623	Anti-crabbing mechanism for large	
CO ₂ welding	905	Air flotation of fixtures and machines	490	bridge type machine	569
Gas and Welding Divn:		Air gauge for measuring flow restriction		Appledore Shipbuilders, Ltd:	
Selling arrangements for AGA (Sweden)		in cigarette filter rod. Solex ..	811	Opening of totally-enclosed shipyard	676
welding equipment	273	Air-operated hydraulic power pack.		Appleton, E:	
AMF Versatran Divn:		Olin Mathieson	489	Rotary forging	538
Film: Die casting under robot control		Air Products, Ltd:		Aquisulf 10 soluble cutting oil ..	178
8E Apr 22		Cryo-Trim deflashing equipment for		Arcmaster Perspex screen	851
Versatran robot increases die casting		rubber mouldings	510	Ardometer M250 radiation pyrometer.	
production	825	Air valve. Miniature	622	Siemens	794
APT Electronic Industries, Ltd:		Aircraft engine fixture parts. Abwood		Ardrox, Ltd:	
Use of Comparscope inspection		operations on	228	Automated flaw detection equipment	141
instrument	412	Aircraft engines. "Low-tolerance"		Armature curing oven. Barlow-Whitney	77
APV-Desco (Ireland), Ltd:		weight-saving in	859	Armytage, Prof W H G., MA:	
Stainless steel fabrication ..	608	Aircraft landing gears for Boeing 747.		Technological forecasting ..	89
ARO Machinery Co, Ltd:		New plant for production of ..	371	Ashby, S:	
Film: Production of gas cookers at		Airline coupling. Kuhnke miniature	709	Group technology and the cell system	157
Arthur Martin, Rheims	357	Ajax of Coventry, Ltd:		Assembly and testing of gearboxes for	
NF225 spot-welding gun and CD122		Hexadrill drilling jig	901	commercial vehicles.	
control unit	907	Alarm systems. Norgren Fluidics		Efficient manufacture	722
Portable guns for spot welding opera-		process monitoring and	697	Assembly and testing of the 1485-cc	
tions on tractor bonnets	234	Albright & Wilson, Ltd:		E-series engine for the Maxi car.	
ATA Grinding Processes:		Associated Chemical Companies Divn:		Production	402, 522, 602
Type RA15 Mini-Grinder	452	New chromium plating compounds	429	Assembly, Machining and, at one set-up	
AUTO-DIE computer program ..	122	Albula universal tool and cutter grinder,		on a Traub automatic	742
AUTOPOL. Churchill post-processor for	437	Hispano-Suiza	22	Assembly, Mechanized - some experi-	
AUTOPOL. GKN use Heinemann NC		Alcosa type EM15 oil-free rotary		ences of a leading user	642
lathe with	51	blower and vacuum pump	182	Assembly of small electrical capacitors.	
AWRE exhibit at Physics Exhibition	512	Aldridge Tool & Engineering Co, Ltd:		Worcester Automation in-line machine	
Abnox blow gun with air shield ..	347	Exhibits at Gauge and Tool and Power		for the	106
Abrasive band grinding and polishing		Press Exhibition	767	Assembly. printed circuit, Equipment	
machine with dust collection unit.		Alexander, George H, Machinery Ltd		for rapid	267

machine for	554	Aylesbury Automation, Ltd:		of the performance and operating	615
Automatic drilling set-up with fluidic	549	Type 25L elevating hopper loader		characteristics of	619
control	914			Bearings. hydrostatic, and drive. A	674
Automatic electro-chemical marking	14			precision lathe with	619
machine. Pryor	109			Bearings. hydrostatic, Membrane double	490
Automatic grinding machine. Czech-	155			restrictor for	674
built CZM type BEL 216	804			Bearings. New Convair air	615
Automatic hob sharpening machine.	110			Beaver milling machine developments	615
Mikron type A62	670			Beavermatic machining centre. Balding	615
Automatic honing of small parts for	347			Beck, R & J, Ltd:	306
hydraulic pumps and motors	654			Beck-Ealing optical bench	306
Automatic hydraulic bandsawing machine.	270			Beech, Austin S, (Components) Ltd:	339
Amada 16-in fully	433			British-made Flo-Dri compressed air	34
Automatic indexing fixture. Bristol	155			filter	102
Erickson	109			Beech, Austin S, & Co, Ltd:	34
Automatic inspection fixture for checking	110			System designed to permit more	102
the radial thickness of piston rings.	670			economical use of compressed air	102
Fully-	347			Bellows Valvair, Ltd:	102
Automatic lathe. Polymecanique front-	654			Pneumatic equipment for light pressing	102
operated	270			and punching	102
Automatic lathes of 1½- and 2-in bar	433			Belsize Engineering Co, Ltd:	775
capacity. Nickols EMI-MEC	60			Exhibits at Gauge and Tool and Power	775
Automatic line for producing motor car	108			Press Exhibition	105
silencers	472			Belting. Rounthane hollow round	306
Automatic machine for grinding centre	305			Bench. Beck-Ealing optical	306
points on taps, reamers and other	742			Bending U-shaped components for musical	478
tools. Junker type SH11a	544			instruments	574
Automatic machine for straightening	658			Bending workpieces four at a time	37
blanks for twist drills, taps and other	654			Bendix Automotive and Automation Co.:	615
items. Junker type VRJ11	433			Feed-rate coding for NC system	615
Automatic machine minder. Bon type	108			Masing/Bendix NC systems	615
AMM	472			Abrasives Divn:	138
Automatic measurement of wall-thickness	305			One of eight of the largest grinding	138
of fuel element cans	670			wheels so far made in one piece	138
Automatic milling of squares and marking	347			Automation and Measurement Divn:	853
of shank ends of tap blanks. Junker	270			Computer-aided tape preparation	938
type VFS10 machine for	110			equipment	938
Automatic operation, Herbert Monoslide	670			Gauge for use in timing motor car	938
lathe converted for, with Dial-Set	670			engines	938
equipment	670			Gauging equipment for checking	795
Automatic operations on coining press.	654			dimensions and conditions on automatic	795
Maxam pneumatic cylinders for	270			transmission housings	249, 320
Automatic pot broaching of external	433			Large Sheffield Cordax measuring	748
splines and gears	60			machine	748
Automatic seaming machine for round	108			Sheffield ultrasonic machine used	301
motor car silencers. ZR	472			for machining 1½-in disc of 0.01-in	994
Automatic spring "untangler". Churchill	305			molybdenum	994
Automatic system for grading workpieces	742			Industrial Metrology Divn:	126
on Eeseway SPRG hardness tester	544			Gauge for tyre moulds	126
Automatic tap flute grinder. Junker type	658			Product-O-Ron equipment for checking	717
NAJ 11	472			water pump bearing bores	301
Automatic tool changer on Moog Hydra-	305			Profilometer with inch or metric read-	994
Point machining centre	472			ings	301
Automatic tool changing equipment on	305			Surface roughness peak counter	994
TUAM type CT8 lathe	742			Bennett, D:	198
Automatic. Traub, Machining and	544			Group technology and the cell system	198
assembly at one set-up on a	658			Bennett Tools, Ltd:	944
Automatic turret lathe. Manurhin	207			Spring making machine with Lion pitch	863
Decomat 50 type C sequence-controlled	14			control unit	815
Automatic work handling equipment on	460			Bennie, A J O:	430
Mikron gear hobbors	938			The wide abrasive belt machine - its	627
Automatics. Effective application of	951			contribution to metal working	58
Wickman	688			Bentley M80-ton non-inclinable press.	539
Automatics. Manurhin cam-controlled,	402, 522, 602			Griffiths	227
Improved	795			Berry, Richard, & Son:	307
Automatics. Premax type Digitex 90	385			Flow line for producing motor car	
and Digitex 67	437			half-shafts	
Automatics. Stankomatic 7 and 16	51			Beryllium copper cavities for plastics	
sliding headstock	938			moulds. Telflow
